

Aluminum Floor Squeegees

The anodized aluminum of these light duty floor squeegees is combined with oil proof neoprene squeegee blades. Accepts any Speed Sweep® bolt-in handle with 3/8" stud. (All steel #190300 or #191400 handle recommended for 30" and 36" squeegees.)

FLIP FLOP® SQUEEGEES

Our most popular aluminum style has a special socket attachment that allows for forward and backward strokes. The blade is split down the middle for double scraping the surface and faster drying.

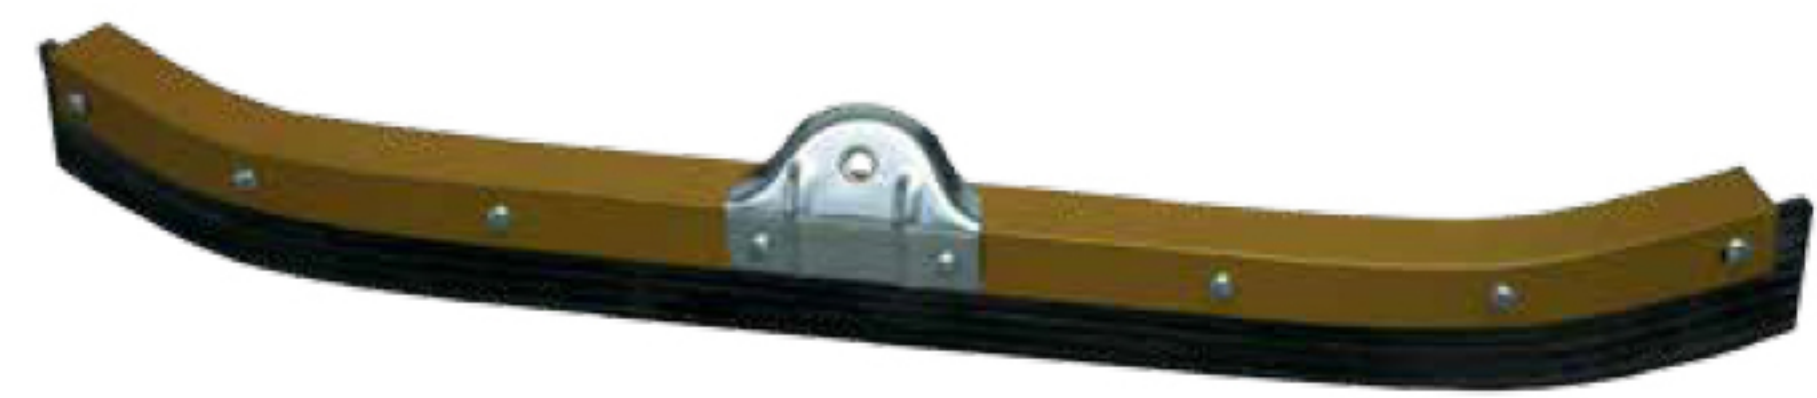

Catalog #	Size	Catalog #	Size
629180	18"	628180	18" refill
629240	24"	628240	24" refill
629360	36"	628360	36" refill

STIFF STRAIGHT ALUMINUM FLOOR SQUEEGEES

These aluminum squeegees have our "fixed" heavy duty handle socket combined with a split neoprene blade. Uses Speed Sweep® handle as described above.

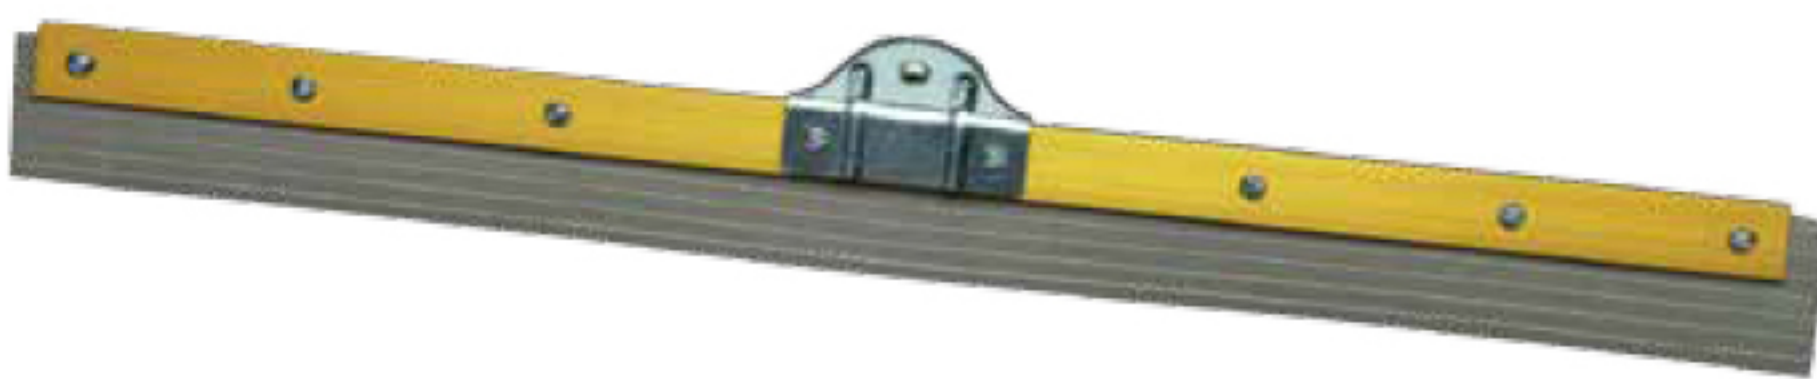

Catalog #	Size	Catalog #	Size
