

NEW

Commercial Kitchen Cleaning Brushes

Cleans a variety of commercial kitchen cooking equipment including:

Fryers

Ranges

Ovens

Griddles

- Long handle for safe reach into inner surfaces.
- High temperature bristles enables cleaning of appliances even when oil is hot.
- Angled brushes help to clean hard to reach areas.

These commercial kitchen cleaning brushes are a great addition to our line of premium quality janitorial tools that you expect from Milwaukee Dustless Brush.

- Parts also available in Very High Temperature Material (500°F)

*Innovative Products that
Clean Better and Last Longer*
